

13 August 1961

MEMORANDUM FOR THE PRESIDENT

Subject: Further Information on Troop Movement
to Berlin

1. The following information was developed from discussion with General Lemnitzer at 2:30 p.m. today.

a. The battle group selected for movement to Berlin from Mannheim and belongs to the 6th Infantry Division. It is expected to leave Mannheim early tomorrow morning about 1:00 a.m. Washington time, reaching bivouac at Nolzstadt at the end of the day. The distance from Mannheim to Helmstadt is approximately 200 miles.

b. The battle group will spend the night at Helmstadt, entering the check point the following morning and proceeding up the autobahn to Berlin. It should close in Berlin late Sunday afternoon.

2. Contingency planning for possible incidents is in progress with tentative thinking taking the following form.
[14 lines excised]

3. The composition of the column has not yet been determined, but will presumably include infantry in trucks, artillery, and engineers. Because of their slow rate of movement, it is unlikely that tanks will be included.

MEMORANDUM FOR THE PRESIDENT

Subject: Further Information on Troop Movement
to Berlin.

1. The following information was developed from discussion with
General Lammert at 2:30 p.m. today.

a. The battle group selected for movement to Berlin is from
Mannheim and belongs to the 5th Infantry Division. It is expected
to leave Mannheim early tomorrow morning (about 1:00 a.m. Washington
time), reaching bivouac at Kelmstedt at the end of the day. The
distance from Mannheim to Kelmstedt is approximately 260 miles.

b. The battle group will spend the night at Kelmstedt, entering
the check point the following morning and proceeding up the auto-
bahn to Berlin. It should close in Berlin late Sunday afternoon.

2. Contingency planning for possible incidents is in progress with
tentative thinking taking the following form.

[REDACTED SECTION]

3. The composition of the column has not yet been determined, but
will presumably include infantry in trucks, artillery, and engineers.
Because of their slow rate of movement, it is unlikely that tanks will
be included.

[3 lines excised]

5. There are some 600 troops from the Berlin garrison presently training in West Germany. Thus, the movement of U.S. military units at this time of year is quite common along the autobahn.
